School Starter Packages

www.sifisoedtech.com

Foundation Phase

Starter Package

The Sifiso EdTech Foundation Phase Starter Package is designed to introduce younger learners to basic robotics and coding principles. It includes essential hardware like the TPBot Car Kits, micro:bit boards, and other accessories, allowing learners to explore robotics in a hands-on environment.

Package includes:

Quantity	Item
10	ELECFREAKS TPBot Car Kit
16	ELECFREAKS Micro:bit v2.2 Board
2	ELECFREAKS Micro:bit Battery Box (Switched)
2	ELECFREAKS Micro:bit 30cm USB Cable
8	ELECFREAKS micro:bit Joystick:bit V2 Kit
8	ELECFREAKS TPBot Science and Technology Pack
1	Poster pack/ robot maps
3	Voucher for 3-day training workshop (in-person or virtual)
3	Training documents

R44,780* (incl VAT and shipping)

Intermediate Phase

Starter Package

The Sifiso EdTech Intermediate Phase Starter Package is tailored for older learners, this package includes more advanced tools and resources to help students deepen their understanding of coding and robotics. It encourages creative thinking and application of knowledge to real-world challenges.

Package includes:

Quantity	Item
8	ELECFREAKS Wonder Building Kit 32-in-1
8	ELECFREAKS Wonder Accessory Pack
16	ELECFREAKS Micro:bit v2.2 Board
2	ELECFREAKS Micro:bit Battery Box (Switched)
2	ELECFREAKS Micro:bit 30cm USB Cable
8	ELECFREAKS micro:bit Joystick:bit V2 Kit
5	ELECFREAKS PlanetX Sensor Package
3	Voucher for 3-day training workshop (in-person or virtual)
3	Training documents

R68,280* (incl VAT and shipping)

Senior Phase

Starter Package

The Sifiso EdTech Senior Phase Starter Package focuses on deeper coding and robotics skills. It includes a wide range of components, from micro:bit kits to sensor packages, that challenge learners to apply their knowledge in real-world scenarios. The hands-on experience with robotics builds and sensors fosters critical thinking and innovation.

Package includes:

Quantity	Item
8	ELECFREAKS Nezha 48-in-1
5	ELECFREAKS PlanetX Sensor Package
16	ELECFREAKS Micro:bit v2.2 Board
2	ELECFREAKS Micro:bit Battery Box (Switched)
2	ELECFREAKS Micro:bit 30cm USB Cable
8	ELECFREAKS micro:bit Joystick:bit V2 Kit
8	ELECFREAKS Micro:bit Starter Kit
3	Voucher for 3-day training workshop (in-person or virtual)
3	Training documents

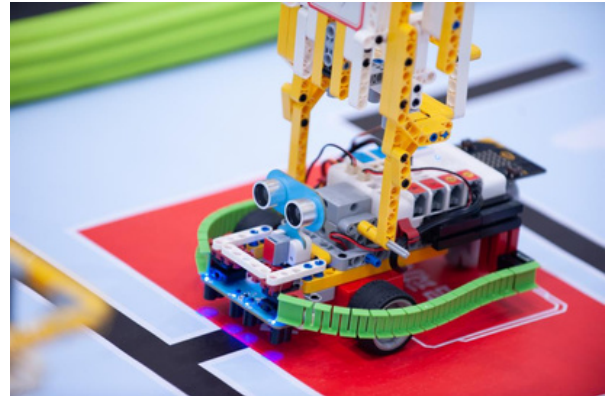

R65,680* (incl VAT and shipping)

Extracurricular

Starter Package

The Sifiso EdTech Extracurricular Starter Package is perfect for extracurricular activities and offers a flexible set of kits that caters to learners of various age groups. It allows schools to run robotics clubs or after-school programs, enhancing the learning experience beyond the classroom.

Package includes:

Quantity	Item
5	ELECFREAKS TPBot Car Kit
10	ELECFREAKS Micro:bit v2.2 Board
1	ELECFREAKS Micro:bit Battery Box (Switched)
1	ELECFREAKS Micro:bit 30cm USB Cable
5	ELECFREAKS micro:bit Joystick:bit V2 Kit
5	ELECFREAKS Wonder Building Kit 32-in-1
5	ELECFREAKS Nezha 48-in-1
3	Voucher for 3-day training workshop (in-person or virtual)
3	Training documents

R40,395* (incl VAT and shipping)

What Else Does Sifiso EdTech Offer?

At Sifiso EdTech, our mission is to empower schools and educators with the confidence and tools to guide learners through their coding and robotics journey.

As a trusted leader in delivering turn-key robotics and coding solutions, we handle everything - from setting up your robotics lab infrastructure to equipping teachers with the right kits, curriculum materials and comprehensive training. Our holistic solutions are specifically designed to meet the needs of South African learners, ensuring high-quality, CAPS-aligned coding and robotics education.

Whether you're looking for a customised solution for your classroom, support in establishing a state-of-the-art robotics lab, or expert teacher training, we're here to help.

Contact us today for a solution consultation and a no-obligation quote tailored to your school's needs.

Terms & Conditions

By placing an order, you agree to the following Ts and Cs:

Delivery Time:

Please allow 6 to 8 weeks for the delivery of all components after the order has been confirmed and payment has been received.

Payment:

Full payment is required upfront before we process any orders or arrange delivery.

Teacher Training Voucher:

Vouchers are **valid 12 months** and can be used for Sifiso EdTech's group teacher training workshops, either in-person or virtually. In-person workshops will take place in Sandton, Johannesburg, with dates provided in advance. Virtual attendance options for these workshops will also be available.

Price Adjustments: *

Package prices are subject to change in June 2025.

Returns and Exchanges Policy:

The customer must verify the contents of the delivered order against the customer's purchase **within 7 days of delivery** and before installation or use of the products. If any items are incorrectly delivered or damaged during transit, Sifiso EdTech will replace them at no additional cost, including shipping. Products must be returned in their original packaging, complete with all documentation and accessories..

Refunds:

Sifiso EdTech will only issue a refund if it is **within 7 days of the delivery date**. If a product is found to be defective after 7 days but is within the manufacturer's warranty period, it will be replaced at no cost to the customer.

Warranty and Support:

The manufacturer's warranty applies only to defects in the manufacturing process of the products and does not cover:

- Faults resulting from normal wear and tear.
- Damage caused by lightning, power surges, or incorrect installations.
- Damage caused by misuse or abuse of the goods.
- Use of products for a purpose other than their intended purpose.
- Use of products contrary to their instruction manuals.
- Modification of the original software by the customer.
- Accidental damage.

The manufacturer's warranty is **limited to 6 months**, starting from the date of product delivery. This warranty period includes any exchanges made within the 6 months
